## Cape Lookout Village Historical Structure Reuse Implementation Plan/EA Newsletter #1, April 2004

National Park Service  
U.S. Department of the Interior

Cape Lookout National Seashore  
North Carolina

### From the Superintendent:

Dear Friends of the Seashore,  
I am pleased to announce the start of a public planning effort to provide input for the development of a National Park Service policy for the use of the structures in Cape Lookout Village National Historic District.

There are a number of structures in the Village which are historically important due to commercial fishing activities, early development of the Coast Guard, recreation use and defense use during WW II. Many uses may be appropriate for these structures. All uses must support the specific mission of Cape Lookout National Seashore as well as the mission of the National Park Service to preserve and protect all park resources for future generations.

I invite your participation in this planning effort. There will be several opportunities to contribute your ideas and concerns about the historic district. Our first workshop, Saturday, April 24th, will begin with an overview of the various issues to be addressed, policies guiding National Park Service actions and goals to be achieved, and then it will move into a "brainstorming" session where we hope many good ideas for the village structures will be expressed.

I hope that you will be able to participate in this workshop. So that we can adequately prepare for everyone, please give us a call at (252) 728-2250 (ext. 3020) to RSVP or ask questions you may have about this effort.

Sincerely,

Bob Vogel  
Superintendent  
Cape Lookout National Seashore

### Park Mission:

*The mission of Cape Lookout National Seashore is to conserve and preserve for the future the outstanding natural resources of a dynamic coastal barrier island system; to protect and interpret the significant cultural resources of the past and contemporary maritime history; to provide for public education and enrichment through proactive interpretation and scientific study; and to provide for sustainable use of recreation resources and opportunities.*

### A Public Planning Effort:

**The Project** – A public planning process to develop a Reuse Implementation Plan/Environmental Assessment for Cape Lookout Village, National Historic District, at Cape Lookout National Seashore.

**The Time Frame** – The project process involves three public meetings: (1) Public Scoping Workshop, (2) presentation of draft alternatives, and (3) presentation of the draft plan – publication of a newsletter with a comment form will be done at the draft alternative stage. Distribution of the draft plan with comments form will follow. It is anticipated that this project will be completed by mid 2005.

#### **The Public Scoping Workshop** (First Public Meeting):

- Date:** Saturday, April 24, 2004  
**Time:** Registration & Coffee, 8:00am  
Workshop 8:00am- 2:00pm (lunch provided)  
**Location:** Core Sound Waterfowl Museum  
Harkers Island, NC 28531  
**RSVP:** Cathy Frazier, (252) 728- 2250 (ext. 3020)

***Thank you for your continued interest and involvement with Cape Lookout National Seashore.***
